

**What do people  
get out of going to  
lipreading classes?**

**Being with other  
people with hearing  
problems and sharing  
experiences.**

**The benefit of learning  
to do something to help  
yourself and boost your  
confidence again.**

**It opens up  
a whole new world...  
go for it and start  
living again!**

**An ability to  
engage in wider  
conversations.**

**Confidence in  
social situations.**

**The major benefit is  
that it brings hope of  
better communication and  
maybe gives people the  
confidence to at least try.  
It makes one more positive.**
